IT INSURES PEACE

That Is the Estimate Placed
On Anglo-Jap Alliance
In Peking.

A PROFOUND SENSATION

Thoughtful Residents of China's
Capital Were Greatly Impressed
By News of the Coalition.

In Japan Unmixed Pleasure Is
Freely Expressed At Conclusion
Of Agreement.

Yokohama, Feb. 14.—The press
here gives vent to unmixed pleasure
at the conclusion of the agreement
with Great Britain which secures for
Japan admission to the comity of
great nations. The press also recog-
nizes that the agreement imposes
heavy responsibilities, and that Japan
must not fall into the error of sup-
posing that peace will be assured
without further effort.

Several of the papers comment up-
on the extraordinary fact that the
leading world power abandons its po-
licy of splendid isolation openly to
clasp hands with Japan. The Nichi-
nichi Shimbun says that the union of
the strongest military power in the
East with the greatest naval power
in the world constitutes an invincible
force. The Asahi Shimbun, an impor-
tant paper of Tokyo, declares that the
whole country acclaims the agree-
ment which for the first time removes
China beyond the dangerous contin-
gencies involved in the evidences of
Russia's willingness to sacrifice that
country upon the altar of her great
ambition.

CHINA INTERESTED

The Anglo-Jap Alliance Creates a Sensation In Peking

Peking, Feb. 14.—The Anglo-Japanese
alliance has now become generally
known here and has created a pro-
found sensation. Those British and
Japanese residents of Peking whose
opinions are worthy of consideration
believe that the alliance insures peace
and will effectually check the disem-
berment schemes of the other powers.
The chief objection raised by the
diplomats of opposing interests is
found in the clause of the alliance
which contemplates possible interven-
tion in the event of internal distur-
bances in China or Korea. These dip-
lomats are telling the Chinese officials
that the new treaty attempts to estab-
lish an Anglo-Japanese protectorate
which threatens China's independence.
Chinese officials including
Prince Ching, the president of the
foreign office, profess hearty approval
of the treaty.

Prince Ching has announced that he
will not further discuss the Russo-
Chinese bank agreement with the
Russian agents.

Fierce Street Duel.

Richmond, Ky., Feb. 14.—A sensa-
tional battle occurred in the streets
here yesterday between Jim Estell,
Leslie Estell and Shelton Chambers,
as the result of which Leslie Estell
and Chambers were twice wounded, once
in the abdomen and once in the breast.
Leslie Estell received three
of the balls from Chamber's revolver.
Jim Estell came out of the fight with-
out a scratch. The men were drink-
ing and quarreled about a trivial mat-
ter. Revolvers were drawn and 15
shots were fired in the fusillade that
followed. The affair created intense
excitement.

Held to Account.

New York, Feb. 14.—Indictments
have been handed down in the dynamite
explosion fatality by the grand jury.
Five men are charged with
manslaughter in the first degree.
They are: Ira A. Shaler, contractor
in charge of the work on the subway
at 42nd street and Park avenue, where
the explosion occurred; Moses Epps,
negro, who carried the dynamite from
the subway to the powder house; Ernest
Matthewson, the foreman, and two others.

Killed Wife, Daughter and Self.

New York, Feb. 14.—Philemon Cre-
lin, a special officer at Milburn, near
Orange, N. J., at his home last night
shot his daughter and himself and
caused the death of his wife. Father
and daughter are expected to die.
The daughter's name is Mrs. Mary
Ferguson. She and her three chil-
dren made their home with the Cre-
lins. The family had been having
bitter quarrels of late.

It May Raise a Row.

Lincoln, Neb., Feb. 14.—The selection
of Booker T. Washington as com-
mencement day orator for the Univer-
sity of Nebraska next June was an-
nounced last evening by Chancellor
Andrews. A number of members of
the senior class, which has a voice in
the choice of an orator, announced
their opposition to the selection of a
negro, and may make a protest.

Y. M. C. A. Building Burned.

Geneva, N. Y., Feb. 14.—Geneva
suffered a \$100,000 fire last night. It
broke out in the Y. M. C. A. building
at 6 o'clock and in 10 minutes that
four-story brick structure was a mass
of flames.

"OUT OF THE WOODS"

The President's Son Is Now Consid-
ered Beyond Danger.

Groton, Mass., Feb. 14.—The most
eventful day at the Groton school
since Theodore Roosevelt Jr. became
ill closed with the departure of Pres-
ident Roosevelt for Washington late
yesterday afternoon. Before that the
president in the homely phrase, "Ted
had improved with such rapid jumps
that I am sure he is out of the woods,"
had told to the world of the load lifted
from his mind.

The day was full of happiness for
the president and Mrs. Roosevelt, and
indeed for all who were at the infir-
mary or near the school grounds. The
first report from the bedside of young
Roosevelt showed that he had passed a
good night. After the morning ex-
amination by Drs. Lambert and War-
ren it was announced that the boy's
condition was progressing favorably.
The report said that the lungs were
clearing well, although the patient
was still in the second stage of pleuro-
pneumonia known to medical men as
the stage of exudation.

Mrs. Roosevelt kept indoors nearly
all day. She has borne up well under
the strain. She will be relieved some-
what during the next few days by
Miss Alice Roosevelt, who the presi-
dent had said, would leave Washing-
ton today for Groton. He also said
that Mrs. Roosevelt hoped to remove
Theodore Jr. to the White House with-
in 10 days, adding that the boy would
return to Groton to complete his
course as soon as his health would
permit.

At Her Brother's Bedside.

Washington, Feb. 14.—Miss Alice
Roosevelt, daughter of the president,
left here this afternoon for Groton,
Mass., where her brother, Theodore
Jr., is lying ill of pneumonia.

DUTY CALLS

Commander of the Hohenzollern Gets About In New York

New York, Feb. 14.—Rear Admiral
Count Von Boudissin, commander of
the German imperial yacht Hohenzol-
lern, accompanied by his chief of
staff, Lieutenant Fritz Rebusburg,
and K. Buentz, the German consul gen-
eral in this city, returned yesterday
the official calls made Wednesday.
The first visit was to Rear Admiral
Barker, commander of the navy yard.
This was followed by formal calls on
Major General Brooke, commanding
the Department of the East, and on
the mayor of New York at the city
hall. The rear admiral was in full
uniform. He wore a dress suit of blue
heavily embroidered with gold lace,
and with the German imperial crown
embroidered on each cuff of his coat.
He wore a number of decorations,
among them the badge of the Order of
the Black Eagle of Prussia, the badge
of the Guelphic Order of Hanover,
and the badge of the Order of the
Crown of Wurtemberg. Under a plain
black bow he wore the insignia of the
Order of the Iron Cross. Lieutenant
Rebusburg also wore the iron cross.
At the city hall Consul General Buentz
presented the rear admiral to the
mayor, who shook hands with him and
said: "I am very glad indeed to wel-
come you to our city." The admiral
replied that he was pleased to be in
America. After a few minutes' con-
versation the visitors left for a short
visit to the German consulate, whence
they returned to the Hohenzollern.

Requisition Presented.

Helena, Mont., Feb. 14.—Sheriff
George D. Schelsberg of Tipton
county, Ind., presented to Governor
Toole yesterday the requisition of
Governor Durbin of Indiana for James
Higgins, aged 19, indicted in Tipton
county for criminal assault. He is
under arrest in Miles City, whither he
fled from Indiana to escape arrest and
possible lynching. He and two others
who are still at large are charged
with assaulting a 17-year-old girl.

A Naval Furling.

Washington, Feb. 14.—Acting Sec-
retary Darling of the navy has ruled
that an enlisted man must submit,
under pain of courtmartial for dis-
obedience, to minor surgical opera-
tions required to fit him for the per-
formance of his duties.

Sought Death Together.

New York, Feb. 14.—John Roessel
Jr., 28 years old, and Kittle, his wife,
aged 22, killed themselves yesterday
by turning on the gas in their room
on East 111th street. A note written
by Roessel gave the bad health of his
wife as the cause.

Sunset Tragedy At the Notorious
"Quarter House" May Lead to
Bloody Developments.

Proprietor of the Infamous Resort
Is Abetted By Many Moun-
taineers.

Middlesboro, Ky., Feb. 14.—The pre-
cise number of dead as a result of the
battle at Lee Turner's Quarter house
saloon Wednesday at sunset is now
believed to be five, although there are
still reports that ten men were killed.
The known dead are Charlie Cecil, the
Middlesboro deputy sheriff who was
killed at the opening of the fight; Mike
Welch, who was Turner's lieutenant;
Frank Johnson, Turner's bar-
keeper; Perry Watson, and Jeff P.
Prader. The last four men were
buried yesterday afternoon in the
same grave at the old Turner burying
ground. Lee Turner, the proprietor
of the fortress and saloon which were
burned, bought each a handsome cas-
ket. The men were his staunchest
allies. John Doyle, the town man who
was thought to have been mortally
wounded, will likely recover. Tom
Hopper, an old man who was with
Turner's band, was shot three times,
but succeeded in reaching his home
alive.

Lee Turner is now at the mines.
He intends to rebuild his saloon and
fort, and says he will remain if he has
to keep a standing army of 500 moun-
taineers within his palisades. It is
reported on the streets here that Turner,
proprietor of the burned Quarter
house, who escaped from the palisades
with his brother "General" during the
battle, has been scouring the moun-
tains for the purpose of gathering
around him enough men to come
against the Middlesboro officers who
burned his fort and killed his staunch-
est supporters. The Middlesboro men
are greatly alarmed and have mustered
into service all who are available.
The band that went after Turner Wed-
nesday night 10 coal miners from Ex-
celsor went to Mingo mines, where
Turner is staying, and offered him
their services.

Mrs. Turner, Lee's wife, who lives
here, was asked for an opinion on the
situation. She said that she had not
heard from her husband since the bat-
tle occurred, excepting once, when Lee
telephoned her he was safe, but she
is of the opinion that Turner will re-
main in the mountains and rebuild
his place. She also said that Turner
was a man who did not know what
defeat is, and if it were necessary he
will put a standing army of 500 moun-
taineers in his fort.

BY POPULAR VOTE

That Is the Way the House Would Have Senators Elected.

Washington, Feb. 14.—The house
yesterday unanimously adopted a res-
olution proposing an amendment to
the constitution of the United States
for the election of senators by direct
popular vote. There was no demand
for time to debate the resolution.
This is the fourth time the house has
adopted a similar resolution. Two
bills of general importance were passed
by the house, the remainder of the
time being devoted to minor business.
One was a senate bill to provide for
the payment of the claims of Confed-
erate officers and soldiers whose
horses, side-arms and baggage were
taken from them by Union soldiers
contrary to the terms of the surrender
of Lee and Johnson's armies. The
amount to be paid under the bill was
limited to \$50,000. The other bill was
to confer on the Spanish claims com-
mission authority to send for persons
and papers and to punish for con-
tempt.

While no definite agreement has
been reached, a vote on the Philippine
tariff bill in the senate seems to be in
sight. It appears likely, judging from
a discussion of the subject, that the
vote may be had next week, although
the matter yet is involved in some
uncertainty.

Will Go to Gallows.

Holly, N. J., Feb. 14.—John Young,
one of the four burglars who murder-
ed Washington Hunter, a wealthy far-
mer of Riverside, Jan. 25, 1901, was
yesterday sentenced to be hanged
March 18. He will be the second to
pay the death penalty for the murder
of Mr. Hunter. Charles Brown, one
of his companions, was executed Dec.
3. Otto Kellar, who turned state's
evidence, is now awaiting sentence,
and Charles Miller is still at liberty.

Poisoner Convicted.

Bozeman, Mont., Feb. 14.—One of
the most sensational murder cases
ever tried in Montana was brought to
a close yesterday when the jury
brought in a verdict of manslaughter
against Lucy S. Black, charged with
poisoning her husband.

Due to Vaccination.

Minneapolis, Feb. 14.—R. H. Smith,
aged 36, a prominent business man of
this city, died here yesterday after-
noon of lockjaw, caused by vaccina-
tion.

THINNING THE LIST

Withdrawal Of One Candidate's
Name May Cause Others to Follow.

Indianapolis, Feb. 14.—The with-
drawal of Thomas Brooks of Bedford
from the race for nomination for at-
torney general and the effect it will
have on the chances of some of the
other candidates is being discussed by
the Republican leaders. The opinion
seems to prevail that it will bene-
fit Nat U. Hill of Bloomington, can-
didate for treasurer, and Charles W.
Miller of Goshen, candidate for attorney
general, most, and that it will
considerably lessen the chances of
their opponents. The friends of Hill
who reside in the same district with
Brooks have been apprehensive lest
the latter's candidacy would operate
against him. It has been whispered
that Hill, who is regarded as a lead-
ing candidate, would have more trou-
ble lining up his own district than he
would have elsewhere, but the with-
drawal of Brooks it is generally be-
lieved will give him smoother sailing
at home, which will make his candi-
dacy more formidable. Whether it
will or not will develop before the
convention, but there is no misgiving
that Hill's friends are elated. As to
Miller it is the impression of his fol-
lowers that he will also be helped,
as Brooks has been one of the stum-
bling blocks in his way in the south-
ern part of the state. Miller is a na-
tive of southern Indiana, hence the
belief of his friends that he will have
a strong following there, especially
with Brooks out of it. The effect of
Brooks' withdrawal is not being un-
derestimated by the politicians, who
regard it as the principal develop-
ment of the preliminary campaign,
and who are confident that it changes
the complexion of the situation.
There were rumors today that others
may withdraw within the next month,
but who they are is not known.

It was learned today from a source
considered reliable that Walter
Schmitt of Evansville will be a mem-
ber of Chairman Goodrich's executive
committee. He was a member during
the last campaign and is held in high
esteem by the Republican leaders. It
is said his appointment is especially
desirable at this time because of the
illness of George Cunningham, the dis-
trict committeeman. Schmitt, it is
pointed out, will be in better position
to look after the district during Cun-
ningham's illness if he is appointed
to the executive committee. It is
known now that three of the five
members will be Warren Bigler of
Wabash, Harry C. Starr of Richmond,
and Schmitt.

The election of Jonce Monahan of
Orleans as secretary of the Lincoln
League is regarded as an indication
that he intends to get into the running
soon for some state office. He was
elected to be a candidate this time for
treasurer, but finally decided to stay
out. The offices of the Lincoln League
are regarded as a stepping-stone to a
state position, and it is predicted that
Monahan will at once begin building
up a machine to land a nomination in
1904. It is also understood that R.
Harry Miller of Fairmont, new presi-
dent of the league, intends to run for
state office—probably for secretary of
state—after Dan Storms of Lafayette,
the retiring president, has had two
chances.

Murdred For His Money.

Fall River, Mass., Feb. 14.—Peleg
Cornell, 70 years old, who lived in a
house near Little Compton, R. I., was
found murdered there yesterday. His
throat had been cut with a butcher
knife and his skull crushed with an
ax. The supposition is that persons
searching for money which the old
man was known to have, killed him
during a fight.

Ice Damages Shipping.

Cape May, N. J., Feb. 14.—The
schooner Frank Herbert, with a cargo
of pine lumber from Opecke, N. C.,
for New York, was abandoned in a
sinking condition off here yesterday,
it being the second vessel to fall a
victim this week off this coast to the
great ice fields flowing out of Dela-
ware bay.

Panic Among Passengers.

New York, Feb. 14.—Two express
trains on the Third Avenue elevated
railroad were in collision early last
evening at 104th street. The hun-
dreds of passengers were thrown into
a panic, scores were cut with flying
glass, and three were more severely
hurt.

Ice Bound Streams.

Delphi, Ind., Feb. 14.—Ice on the
streams and ponds in this vicinity is
the heaviest known in 30 years. On
Deer creek and on the Tippecanoe
river it varies in thickness from 12 to
28 inches.

A Printer's Suicide.

Jeffersonville, Ind., Feb. 14.—J. A.
Johnston, a job printer, killed himself
by taking morphine. Domestic trou-
ble is said to have caused him to take
the dose.

Cashier Davis Throws Him-

the Court.

SAW NO WAY OUT OF IT

After His Trial Had Proceeded Two
Days The Defiant Cashier Recog-
nized Hopelessness of Case.

Pending Sentence He Will Prosecute
His Claims Against Gamblers
Who Undid Him.

Indianapolis, Feb. 14.—Richard C.
Davis, of Washington, Ind., withdrew
his plea of not guilty to a charge of
embezzling from the Peoples' National
Bank of Washington, in the United
States court yesterday. His trial be-
fore a jury and Judge John H. Baker
had proceeded two days and no way
had opened for him to escape convic-
tion. The defense then decided to
give up, and yesterday Davis and his
attorneys concluded that the best po-
licy would be to appeal to the mercy
of the court. Davis' attorneys said
their client had made good every dol-
lar of the shortage at the bank, even
to the impoverishment of his family,
but the law, it was recognized, still
held against him intent to defraud.

Judge Baker said: "The conduct
of Davis after he gave up his place in
the bank was honorable and credit-
able, and will go a long way in the
mind of the court in considering the
measurement of his punishment." The
judge then gave consent to Davis be-
ing at liberty under \$5,000 bond until
April 8, when he is to appear in court
and receive sentence. His respite is
to be spent at Washington in the pro-
secution of his suits against gamblers
there to recover about \$40,000 he lost
to them. The shortest term of im-
prisonment for Davis' offense is five
years.

THEY GOT AWAY

Cracksmen At Avilla Successful In Raising a Store.

Fort Wayne, Ind., Feb. 14.—The
large general store of S. K. Randall
at Avilla, north of here, was entered
by burglars. The safe was blown
open with dynamite and \$900 in cash
and a large amount in notes were
taken. David Shanline, a barber, re-
turned from a sleigh-ride with a young
woman while the robbers were at
work and discovered them in the
store. He was captured and bound in
the store, where he was kept until the
job was completed. A hotel keeper
across the street saw the cracksmen
at work and got his rifle, but being
without assistance he forebore to in-
terfere. The safe, a massive affair,
was wrecked by the explosion. There
were five of the robbers.

Hazardous Undertaking.

Muncie, Ind., Feb. 14.—Mrs. Cyrus
Neff was awakened by the odor of
smoke and finding the wood that she
had placed in the oven of her kitchen
stove on fire and the stove at the melt-
ing point, she threw a bucketful of
ice-cold water upon it. A terrific ex-
plosion resulted and the stove was
blown to pieces, but Mrs. Neff was not
much hurt.

Something New.

Alexandria, Ind., Feb. 14.—The Lip-
pincott Glass company, this city, is
making an entirely new thing in the
Indiana glass belt in the way of tinted
glass globes for both oil and gas
lamps, which rival the foreign article
that has been exclusively found in
the markets. This is being done for
less money than the foreign product
costs.

Good for Monroe County.

Bloomington, Ind., Feb. 14.—Bloom-
ington, with its population of 7,000,
and Monroe county with its additional
population of 25,000, is now without
a single prisoner in the city or county
jail. The local press calls attention
to the fact as remarkable. Perhaps
a better showing for law and order
cannot be made in Indiana.

He Was Willing.

Hartford City, Ind., Feb. 14.—Edwin
Walden, a Cincinnati tramp, while
begging from door to door, made a
proposal of marriage to a woman who
happened to remark in his hearing
that she was a widow. The woman
grabbed a kettle filled with hot water,
and the tramp ran, only to be arrested
by a policeman.

Postoffice Robbed.

Mulberry, Ind., Feb. 14.—The post-
office was robbed here and \$100 in
stamps taken. There was an attempt
to rob the safe, in which some money
was deposited, but the burglars made
a mess of it and were frightened off
before completing their job.

Winter For Sure.

Sullivan, Ind., Feb. 14.—The Wa-
bash river is frozen so solid that it
will bear up a team and loaded wagon,
which have been crossing for the past
four weeks. This is the first time this
has occurred since 1883.

Live Stock Cremated.

New Albany, Ind., Feb. 14.—An in-
cendiary fire destroyed the barn of
Mrs. Elizabeth Scott at Scottsville.
Three horses and five head of cattle
were cremated. Loss, \$1,000, with no
insurance.

Nerve Slavery

It is present-day conditions—heaping
burdens of work upon the nervous system
that tells the story—premature breaking
up of health.

It tells why so many men and women,
who so far as age is concerned, should be
in the prime of health, find themselves
letting go of the strength, the power, the
vitality they once possessed. It is because
that great motor power of the body, nerve
force, is impaired. Neither will the heart,
the brain, the liver, the kidneys, the
stomach act right without their proper
nerve force supply. Let any organ be
lacking in this essential and troubles be-
gin—some of them are:
Throbbing, palpitating heart.
Sleepless nights.
Sudden startings.
Morning languor.
Brain fog.
Inability to work or think.
Exhaustion on exertion.
Fading appetite.
Digestion slow.
Food heavy.
Easily excited, nervous, irritable.
Strength fails.
Loss of flesh and muscular power.
Sickly melancholia.

KAISER WANTS TO KNOW
Germany Will Officially Investigate
[Christian Science].
Berlin, Feb. 14.—Emperor William's recent conversations concerning Christian Science and Spiritualism seem about to bear fruit. The police authorities here on the emperor's orders will undertake an investigation of "Ed-

MRS. EDDY.

dyism" to secure material for a public warning in the matter. Emperor William has also directed that inquiry be made among prominent scholars regarding their views of spiritualism. The authorities contemplate measures against the spiritualists, such as the prohibition of public seances where spirits are alleged to appear, and the prevention of mediums falling into trances for the purpose of communicating with spirits.

What He Came For.
A learned judge who was one of the guests at a dinner was unexpectedly called upon to reply to a toast. Recovering somewhat from his surprise, he said that his situation reminded him of the story of a man who fell into the water while he was fishing.
With no little difficulty he was rescued, and, after he had regained his breath and was in a fairly comfortable condition, his rescuer asked him how he came to fall into the water.
"I did not come to fall into the water," replied the unfortunate fisherman. "I came to fish."

Testing Suitors.
Over at Freetown there is a man who is subjecting his prospective sons-in-law to a practical test. He keeps handy a very dull ax that always needs grinding and when a gallant young man, an old bachelor, or a sprightly widower comes to court his daughter he invites him to take a turn at the grindstone crank. One unsuspecting young man called early in the day and was soon invited to the grindstone. He turned away until noon but immediately thereafter he concluded to try something easier and left. An old bachelor stood the test for about an hour the first time, but on his second visit he found the ax still dull but proposed putting off the grinding until next morning and then take an early start. But the thought of that grindstone caused him to leave before feeding time the next morning. The widower with more experience than the other two has hit upon a plan that works better. He goes late in the evening and leaves at an early hour when a squeaking old grindstone would not sound well.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address,

CONSTIPATION

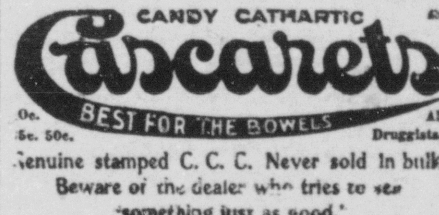

"I have gone 14 days at a time without a movement of the bowels, not being able to move them except by using hot water injections. Chronic constipation for seven years placed me in this terrible condition; during that time I did everything I heard of but never found any relief; such was my case until I began using CASCARETS. I now have from one to three passages a day, and I was rich I would give \$100.00 for each movement; it is such a relief."

FRIDAY FEB. 14, 1902.

SENATOR BEVERIDGE has accepted an invitation to address the Union League Club, of Chicago, at the Auditorium February 22.

THE southern press continues to berate Congressman Crumpacker's bill which has for its purpose the equalization of representation in congress. The South disfranchises the negro but they want him counted when the congressional apportionment is made.

CONGRESSMAN GRIFFITH has further strengthened his chances for re-election. He has been distributing garden seeds this week through the United States mails. McCormack and New just as well make up their minds now to retire permanently.

SENATOR FAIRBANKS has introduced a bill in the senate authorizing the payment of \$9,037.50 to the Indiana State Board of Agriculture for rent of the fair grounds for troops during the Spanish-American war and damage to the buildings and grounds.

CONSTIPATION

When your food does not digest properly, the bowels become clogged and the liver inactive. The poisons and impurities that should be carried off are thus allowed to accumulate, causing nausea, sick headache, indigestion, dyspepsia and biliousness. The best medicine to cure constipation and prevent these diseases is Hostetter's Stomach Bitters. Try a bottle and be convinced.

HOSTETTER'S STOMACH BITTERS.

THE alliance of Japan and England announced within the past few days was predicted by Senator Beveridge in his papers published in the Saturday Evening Post.

THE mail carriers took out loads this morning that reminded them of Christmas times. Valentines were their burden and they had them for most everybody.

IN his address at the Lincoln League banquet Lieutenant Governor Gilbert paid a deserved tribute to the republican press. The sentiment he expressed in that address will be duly appreciated by a class of men who have labored incessantly for the success of the party in whose principles they believe.

Both are active republicans and will keep the work moving during the campaign of 1902. W. A. Stevens, of Columbus, was again chosen Fourth district president.

Thos. R. Shipp, who has been a reporter on the Indianapolis News has gone to Washington to act as assistant secretary to Senator Beveridge and clerk of the committee on Territories, of which committee Senator Beveridge is chairman.

Chairman Burkley has issued a call for the republican county central committee to meet at Brownstown tomorrow afternoon at 1 o'clock.

Davis Plead Guilty.

Realizing the utter hopelessness of making a successful defense Richard C. Davis, of Washington, the bank cashier with a penchant for gambling, changed his plea of not guilty to that of guilty in Judge Baker's court Thursday. He thus puts himself at the court's mercy. The lowest punishment in such a case is five years imprisonment. The court will not pass sentence until April 8. Davis was permitted to return to Washington being under \$5,000 bond. In the meantime he will prosecute his cases against the Washington gamblers, who helped along his downfall.

Railroads Fighting Smallpox.

An order has been issued compelling all employees of the railroads entering Chicago, from the presidents down to the messenger boys, to be vaccinated not later than next Monday. This action is taken to assist the health authorities in their efforts to stamp out smallpox. All cars are to be fumigated for at least six hours before passengers are permitted to enter them. In many of the States along the Mississippi river the disease has spread to an alarming extent, and the managers of the road have adopted resolutions calling on the medical advisers of the roads to take any steps thought necessary to check its advance.

If you want home killed meat, beef, pork, veal and mutton, and chickens go to Russell & Elsner's and you will get it.

Gaining in Favor.

The Columbia City Post thinks the county reform law is gaining in favor. This is especially true, it says, of large counties or counties in which there are large cities. The appropriations are made with care and officers are limited in their expenditures. The township reform law is also a good thing, especially if the advisory boards are made up of good men who attend to their duties. They can keep close tab on the trustee and hold him in check at all times.

Presents from the Philippines.

Mrs. Ona Green has received from her son John Prather, who is at Iloilo, in the Philippine islands, a beautiful silk waist and a silk shawl made of India silk. She prizes them very highly. They are indeed very beautiful and valuable presents. Her son has been soldiering in the Philippines for nearly three years.

Valentine Social.

The young people of the Christian church give their social tonight at the home of Mrs. Thos. J. Gore, corner of Mill and Fourth streets. You are invited to enjoy the evening. Bring a silver offering.

Mrs. Philip Wilhelm pleasantly entertained the Marguerite club at her home on West Second street this afternoon.

Sergeant Emmett Skinner will arrive next Monday, February 17, and open a recruiting office at the office of Dr. M. F. Gerrish. He will be here for thirty days.

Ancient and Royal Game of Golf

Is played with various degrees of skill, but all players agree that it is absolutely essential to have a good "tee," the little mound of sand upon which the ball is placed before the drive. Start right. The result will justify the pains.

So it is with your table. Supply it with the right sort of tea, a good tea, the best that you can buy.

If you get Chase & Sanborn's package teas, you may be sure on this point.

Their famous Orloff is noted for its lilac flavor, the Kohinor, an English Breakfast Tea, and the Orange Pekoe, a Ceylon and India tea, famous on account of its rich wine-like body, are all equally popular. They are the best of their kind.

These teas come only in pound and half-pound leaded forms, and are grown in tea gardens situated in high altitudes, which is an all important factor in the production of high grade leaves.

One pound makes over 200 cups.

You Might Trim Your Walls With Flowers.

Real violets, roses, lilies-of-the-valley, —almost any blossoms,—and they won't be a bit prettier than the wall paper we have. Besides it would cost more, and be lots of trouble. We will put any paper you select on any room in your house and we will make no mess or bother. Papering has come to be such a science nowadays, and paper is so cheap that people don't wait until spring cleaning. They change the paper on their walls. Whenever they get tired of it or it is the least soiled.

We're at your disposal at anytime, go anywhere, and do all kinds of work from the cheapest to the finest.

Smallpox in January.

A special report of the State Board of Health on smallpox shows there were 303 cases of the disease in Indiana in the month of January. Out of this number there were five deaths one in each of the following counties: Howard, Jefferson, Knox, Warrick and Perry.

Smallpox was pretty well scattered over the State, the report shows. It prevailed to the greatest extent in Adams, Marion, Morgan, Montgomery Greene and Spencer counties.

Not Rheumatism, but a Needle.

BEDFORD, Ind., Feb. 13.—Ed Miller, a young farmer from Medora, Jackson county, was in Bedford yesterday to get treatment for supposed rheumatism. Dr. Stipp examined him and found what seemed to be a lump or abscess, and, cutting into it, he removed the end of a needle about half an inch long. Miller remembered sitting down on a needle stuck in a spool about a year ago.

Will the Philippines Pay?

Senator Bacon, of Georgia, who has just returned from a tour of study in the Philippines, has written for the Saturday Evening Post, of Philadelphia, a valuable paper on the business aspect of insular affairs. He comes to the conclusion that our account with the Philippines must, for an indefinite time, be on the wrong side of the ledger. This article will appear in the issue for February 22.

Methodist Revival.

A large crowd was out to hear Evangelist Life at the Methodist church last night. He preached a strong discourse. He is certainly an evangelist of unusual power. There were three accessions to the church last night. Services this afternoon at 2 o'clock and tonight again at 7 o'clock. Evangelist Life will preach Come.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.
